

National Liberation Alliance claimed responsibility in pamphlets scattered about the scene. This is the document reportedly containing the ransom demand.

Monday night a woman telephoned the city editor of the newspaper Ultima Hora, saying a letter from the kidnapers had been deposited in a downtown bar. When reporters arrived, police—called by the bar owner had confiscated that paper, too. Some sources described the document as a manifesto.

Police sources said the terrorists vowed in the pamphlets not to harm Bucher if the government meets their demand. The notes also reportedly said kidnappings will continue as long as political prisoners are tortured in jail.

Bucher is Brazil's fourth victim of political kidnapping and the 15th in the Western Hemisphere since September 1969. Three have been killed when the governments of Guatemala, Uruguay and Canada refused to release prisoners, but Brazil's military regime has let 60 prisoners go to gain the release of the three diplomats previously kidnapped here.

The Swiss ambassador had received threatening letters and anonymous telephone calls for some time, said Marie Maillet, his sister who lives in Luxembourg.

Mrs. Maillet said she thought her brother was picked because he had been in Rio for five years and "perhaps also because the opposition in Brazil often criticizes the wealthy for using Swiss banks as a secret haven for fortunes acquired sometimes irregularly."

Throughout Rio de Janeiro, buses and private vehicles were stopped and those inside forced to identify themselves. Police intentionally caused traffic jams, especially during the Monday afternoon rush hour, to hinder the kidnapers' movement.

By Monday night police reported no significant arrests, but they removed some roadblocks to break up the immense traffic congestion.

Fair Skies, Warmer Is Prediction

By THE ASSOCIATED PRESS

Fair skies and warmer weather is forecast for Arkansas through Wednesday.

Temperatures reached the mid 50s in most sections of the state Monday and readings in the 70s are expected Wednesday.

Some clouds moved into the western edge of the state early this morning, but no precipitation is forecast.

Early morning temperatures were around 40 degrees in the western section and near 30 degrees in the east. Lows tonight are forecast in the 40s to low 50s.

Overnight lows include 38 at Fayetteville, 35 at Harrison, 30 at Jonesboro, 29 at Pine Bluff, 40 at Texarkana, 29 at El Dorado, 32 at Memphis, 32 at Little Rock and 33 at Fort Smith.

No rainfall was reported during the 24-hour period ended at 6 a.m.

Cotton Crop Forecast Is Million Bales

WASHINGTON (AP) — The Agriculture Department estimated today Arkansas' 1970 cotton crop at 478 pounds per acre and 1,075,000 bales.

The nation's cotton crop was estimated at 10,270,100 bales, 2.6 per cent more than last year but 1.5 per cent less than forecast in November.

In November, the crop estimate was for 10,428,900 bales. Prospects for this year's crop have declined steadily from last summer.

In August, when the first estimate was made, the Crop Reporting Board said a yield of nearly 11.1 million bales could be expected.

This would have meant an output this year about 11 per cent larger than 1969 production of slightly more than 10 million bales.

Poor weather in many areas this fall has hampered the harvest and cut into yields.

Wilson Named by Utility

LITTLE ROCK (AP) — Robert E. Lee Wilson III of Wilson has been elected to the Board of Directors of Middle South Utilities.

Wilson has been a director of Arkansas Power & Light Co., a subsidiary of Middle South Utilities, since May 25, 1967.

Shippers Lose Decision in High Court

WASHINGTON (AP) — The nation's freight shippers were blocked today by the Supreme Court from challenging a \$440-million rate increase in federal court.

The decision raising the block was produced by a 4-4 split of eight justices after Justice William O. Douglas dropped out of the case. He gave no explanation.

The case had loomed as a major test of whether previously closed doors of federal courts would be opened to businessmen and individuals who believe they haven't been treated properly by government agencies.

The 3 to 10 per cent freight rate increase, an across-the-board hike, has been authorized by the Interstate Commerce Commission as just and reasonable.

Two other federal courts to which the shippers brought their complaint have ruled they must first plead their cases before the ICC. Since 4-4 decisions by the Supreme Court serve to affirm the judgment being appealed the shippers now will have to limit their attack to an ICC pleading.

Electric, power and gas companies which use bituminous coal as well as officials of 11 states concerned with increases in grain and feed rates attacked the increase. They claimed it was unjustified and that the ICC had failed to investigate properly the effect on consumers.

The Justice Department supported the appeal to the Supreme Court.

State Dept. Unveils Reform Plan

WASHINGTON (AP) — The State Department unveiled today a broad self-reform program aimed at pumping new life into a diplomatic corps it admits has grown stuffy.

Praised by Secretary of State William P. Rogers, the plan urges faster promotions for younger foreign service officers and encourages them to argue policy with their bosses.

Out of it all emerges the image of a fast-moving, quick-thinking diplomat bypassing older counterparts in deciding how the U.S. gets along with the rest of the world.

Acknowledging department shortcomings in carrying out the President's mandate that it take charge of U.S. government activities abroad, the diplomat-reformers portrayed the department as all too cautious, stand-pat, and parochial.

"The traditional mode of reflection and detachment cultivated by diplomats trained in the old school," they said, "must be reinforced by a more dynamic and aggressive style if the department is to play the role which the President expects of it."

In all there are 500 changes drawn up by some 250 professional diplomats under Deputy Secretary William B. Macomber.

No single proposal in the 610-pages of 13 task force studies is drastic. But if adopted in complete form, the changes would amount to the most sweeping reorganization since World War II.

Court Rules Lane Owes \$65,553.01

LITTLE ROCK (AP) — U.S. Tax Court Judge Howard A. Dawson Jr. ruled here Monday that Harlan Lane of Little Rock and the Lane Management Corp. owed \$69,070.73 in income taxes and penalties for the period from 1963-66.

Lane was living at Houston, Tex., during the period covered by the litigation. He moved to Little Rock in the spring of 1968 to become board chairman and executive officer of Union National Bank. He was ousted from the bank's management in October 1969.

CONGRESS HAS (From Page One)

ties" to prepare amendments.

Although Democrats a week ago vowed to force a showdown, both sides now concede there is no hope for passage in the dwindling and crowded days of the 91st Congress.

Senate Republican Leader Hugh Scott of Pennsylvania denied to a newsman the GOP bloc intentionally killed the bill with delaying tactics.

But Scott conceded "some Republicans feel strongly" about the measure. He said it had "a good deal of blackmail potential" against businessmen.

Sen. Norris Cotton of New Hampshire, ranking Republican on the sponsoring Commerce Committee, said President Nixon preferred no bill at all to the one reported to the Senate.

Backers of the measure said it would have made legal redress a reality for millions of people now too poor to bring damage suits.

But opponents argued the measure would have turned the federal judiciary into a system of small-claims courts, enriched private law firms and resulted in harassment of legitimate businessmen.

The class-action bill was the second major consumer proposal killed in the past two weeks at least in part by Republican design or apathy, even though both were listed prominently by Nixon in his "buyer's bill of rights" unveiled Oct. 30, 1969.

The other, which would have created an independent consumer protection agency, zipped through the Senate after Republicans abandoned last-minute efforts to weaken it. But it died in the House Rules Committee when Republicans joined with conservative Democrats to keep it from going to the floor.

But the proposal's staunchest supporter, Rep. Benjamin Rosenthal, D-N.Y., said the most telling blow was failure of Virginia Knauer, Nixon's consumer specialist, to speak out for the bill.

Social Security Efforts to Go Down Drain

By JOE HALL
Associated Press Writer

WASHINGTON (AP) — The Senate Finance Committee is wrapping up work on its amendment-laden Social Security bill but indications are much of the effort will go down the drain.

The panel has been struggling with welfare and Social Security aspects of the legislation since April and, in a series of votes starting in September, loaded the bill with all sorts of unrelated riders.

One of the riders, a bitterly fought quota-setting trade measure, has drawn the threat of an all-out floor effort to kill it.

Another source of dispute will be President Nixon's welfare reform plan. The committee rejected this as an amendment to the bill but the administration is mounting a big effort to attach it on the floor. Conservatives promise to resist this.

Sen. Russell B. Long, D-La., Finance chairman, said an end to committee work on the Social Security bill this week could start floor debate next Monday.

But, if Congress adjourns Dec. 19 as planned, that would leave only one week for Senate action and a Senate-House conference.

In light of this schedule, many senators said they expect the bill to be dropped at some point next week. Then, they predict, an effort will be made to pass only the increase in Social Security benefits, perhaps as a rider to a bill extending auto and telephone excise taxes.

The panel has continued to consider a wide variety of amendments in the fields of medicare, medicaid, welfare, taxes, veterans pensions, trade and other subjects.

Embezzlement Trial Against SCA Official

CONWAY, Ark. (AP) — Testimony was to begin today in the embezzlement retrial of Robert L. Pruitt, former head cashier at State College of Arkansas. The trial opened Monday in Circuit Court here.

Pruitt, now a resident of Phoenix, Ariz., is accused in a four-count indictment of embezzling \$28,655 in cash funds from the college during a nine-month period in 1969.

Before the trial opened, Circuit Judge Russell C. Roberts denied a defense motion, based on the double jeopardy principle, to dismiss the case.

Pruitt's attorney, Murray Miller of Phoenix, accused Prosecutor Jeff Mobley of Russellville of "provoking a mistrial and then proceeding to seek a subsequent trial."

The first case went to trial July 20. Roberts ruled a mistrial two days later when Mobley, who was seeking reelection, distributed campaign cards to two jurors.

Two other continuances have been granted.

Miller charged in his opening remarks that top officials at SCA conspired to blame Pruitt in an attempt to cover up their own ineptness in handling school money.

WCS YULE LUNCHEON

WCS Conference President, Mrs. E.T. Davenport of Little Rock, and District President, Mrs. W.D. Cohea of Blevins, were special guests at the WCS Christmas luncheon held at the First United Methodist Church on Monday, December 7. Other guests included Mr. Davenport, the Rev. and Mrs. Norris Steele, the Rev. and Mrs. W.R. Burks, and several members of the WCS at Oak Grove and Blevins.

The Fellowship Hall of the church was beginning to look a lot like Christmas by the time the 80 members and guests assembled. The head table was beautiful with gold candles of many sizes and gold figurines that depicted the Christmas story. Other tables held holly, nandina berries, candles, or Christmas balls. A delicious meal was served buffet-style.

Local President, Mrs. Steven Bader, welcomed those attendance, and the program chairman, Mrs. John B. Gardner, Jr., introduced the guest speaker, Mrs. Davenport. The Conference President spoke of the "warmth of the Christmas Season" and said that we should "stop criticizing our observance" and, instead, should "proclaim the things we do that are right."

She challenged the members in her discussion of the changes that have taken place in the new WCS concept. According to her, they make the members work, become aware to the mission of the church, and look at conditions from both sides. In conclusion, she suggested that an attempt be made to "pray with your eyes open" to achieve a closer communion between God and mankind.

TEASE TARGET CAN CHANGE HER IMAGE Dear Helen:

Proposed Time Change

Benjamin Franklin first proposed the idea of daylight saving time while serving as an ambassador to France. He calculated that Parisians could save on candles by advancing clocks an hour to take advantage of the daylight.

is so big and ugly you wouldn't believe it. I can't get it fixed until I'm 16 (and get my growth or whatever). How can I stand being Eaglebeak until then? My friends -- the few I have -- are gorgeous, which makes it worse.

Trying to hide my nose isn't my only trouble: I hate school, and my teachers and the kids that tease me. I need to be loved, but I can't get new friends, especially boys, because I'm so witch-nosed. I have a good figure, but boys only look at pretty faces. I hate THEM too!

I get in fights with my parents and they think I'm "impossible" but it's just because I'm so miserable. I can't stand walking into class any more. I'm so self-conscious.

You've got to help me. Our guidance counselor can't because I can see she thinks my nose is hideous too. -- MISERABLE

Dear Miserable:

Before I or anyone else can help you've got to help YOURSELF! You're so busy "hating" you can't see that at least three-fourths of your troubles are caused, not by your nose or appearance, but by your attitude. As long as you THINK all the kids are "out to get you" they'll oblige. As long as you focus attention on your "defects," they'll tease you about them.

Self-pity is a form of selfishness. You're too involved

with your own problems to notice that other people are unhappy also. Try helping THEM, and maybe you'll discover you aren't so bad off after all.

About your nose: It's true you probably can't have it bobbed until around age-16, but a visit to a plastic surgeon would give you hope for the future, and make the waiting less painful. Perhaps your folks will make an appointment -- if you show them how much it means to you. -- H. Dear Helen:

I'd like to add my bit to the letter from "Let The Light Shine On" who asks everyone to keep on porch lights overnight. Thank goodness the right persons did!

I was walking home along a dark street. I heard footsteps behind me, and then someone grabbed me. Just then a porch light went on. It startled my attacker enough so he let go, and I ran up to the house, called my parents, and they came after me. If those people hadn't turned on their light at that moment, well, maybe I wouldn't be here.

A porch light not only protects houses from burglars, but it protects passers-by too. -- LUCKY TEEN-AGER

Dear Helen:

This letter is for girls who really go for older guys and then get let down. I waited two years while my guy served in Vietnam -- he was 19 and I was 15. I missed out on the fun of high school dating because I had to be "true."

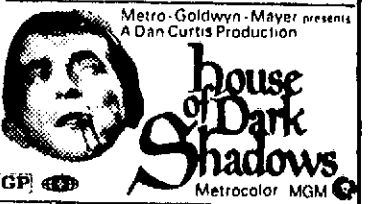

Well, he came back -- and told me he wasn't sure if he cared enough. Then I found out that he'd been stepping out on me all along, besides writing to an old girl friend who is now divorced. And he's with her today, while

I'm regretting all the fun I missed.

I've forgotten him(almost), but not the hurt. Girls: Don't tie yourselves down while you're in high school and he's far away. He won't!! -- SORRY TOO LATE

Juniors Drop Two Games to Stephens

By BILL MOORE
Star Sports Writer

Last night both Hope junior teams suffered defeats to some strong Stephens teams, hitting long cold streaks without scoring.

In the first game the Hope Kittycats were soundly defeated, 33-19, for one of their worst losses in some time.

Stephens hit an early layup for a 2-0 lead and then until Karlene Coleman hit a charity shot for Hope with 3:51 to go in the opening stanza, both teams couldn't hit the boards.

Finally Sandra Belmont and Cindy Harris began pulling Stephens ahead and after Coleman hit the only Kittycats basket, the quarter ended with Hope trailing, 9-3.

Outscored 13 to five in the second quarter, Hope fell even farther behind, and trailed at halftime, 22-8.

Stephens had taken a 15-3 lead before Coleman hit three points with a little under two and a half minutes left. Hope's last two points then came on a long shot by Jill Herring with just 12 seconds left.

Moving to the third period, Hope fell behind even more as the Kittycat offense sputtered even more, only scoring two points on free throws by Coleman. Meanwhile Stephens hit eight to take a 30-10 lead into the fourth quarter.

With the guards holding the opposition to three points now, the Kittycat forwards hit nine points in the last four minutes for the final score. Coleman had 16 points, Herring two, and Gigi Gladney one, while Belmont and

Harris led Stephens with 15 and 13 points respectively.

Guards deserving credit for holding the opponents score down to only 33 points, include Carol Frazier, Mona Rowe, Sharon Ratliff, and Sandra McCorkle.

In the second game the Hope Bobkittens were blitzed by a strong and tall Stephens balclub, 34-23, for their second loss against two wins.

Neither team hit any points in the first few minutes, but with 4:24 left in the period Rodney Took put Stephens on the scoreboard with a jumpshot. Another point by Thomas Thorn made it 3-0, before Gary Rhodes hit two free shots with 2:29 left. Jimmy Smith hit the only other Kittens point in the quarter as Hope trailed 5-3, moving into the second period of play.

Stephens pushed out in front early, 13-3, before David Huddleston and Rhodes hit various baskets and free throws to pull back to with five at the half, as the scoreboard indicated that Hope was trailing, 15-10.

Huddleston, at the outset of the third quarter, drilled in two field goals to pull the Kittens to within one, 15-14, with 3:43 left in the period. However, Stephens took a five point lead on two baskets by Tommy Murphy, before a basket by Huddleston, who was all alone under the net, left Hope trailing, 19-16, with one period left.

Took pulled Stephens ahead 27-18 with 2:19 left, before Huddleston found the range for a two pointer seconds later. Hope's final three points came on three charity shots by Huddleston and Rhodes with less than a minute and a half to play.

Seven straight points by Stephens iced the game.

Huddleston and Rhodes each hit nine points, with Smith scoring five, while Took led the opponents with 15.

Texas, Hogs Top Team Statistics

DALLAS, Tex. (AP) — So SMU head football coach Hayden Fry has the last laugh.

"When we moved (Gary) Hammond to tailback last spring some people thought I was crazy," Fry said. "They couldn't figure taking the league's leading receiver and putting him at tailback."

But there was method in Fry's madness. He figured by placing the versatile Hammond at tailback instead of split end, the Port Arthur Jefferson product would get his hands on the ball more often.

The final Southwest Conference statistics proved Fry correct.

The final figures gave Hammond the receiving crown again with 50 receptions (one shy of his 1969 performance) and this time added the tandem title (rushing and receiving) with 489 yards receiving and 897 rushing, doubling his yardage output last season.

Hammond and Baylor punter Ed Marsh were the only individual leaders to successfully defend their titles. Marsh punted 88 times for a 40.4 yard average.

Tech's sledgehammer sophomore Doug McCutchen, who erased some of Donny Anderson's records from the books, won the rushing championship with a 97.1 yards per game average to finish ahead of All-American Steve Worster of Texas with an 89.8 average. McCutchen rushed for 1,068 yards and Worster had 898.

SMU's great quarterback Chuck Hixson won the passing and total offense titles for the third straight year. He completed 160 of 285 passes for a 56.1 per cent average.

Worster won the scoring

championship with 84 points on 14 touchdowns.

Either champion Texas or runnerup Arkansas led in all but one team category. Rice finished as the passing defense lead, allowing only an average of 108.7 yards per game.

Texas won in total offense (468.1), rushing offense (734.5) and rushing defense (117.5 per game average) while Arkansas was first in total defense (267.1 average) and passing offense (222.5 per game average).

Alworth Files Suit Against Chargers

SAN DIEGO (AP) — All-pro receiver Lance Alworth Monday filed a \$5.6 million suit against the San Diego Chargers of the National Football League, charging breach of contract, violation of state antitrust laws and other allegations.

In his Superior Court suit, Alworth asked that his contract with the NFL team be declared void and that he be made a free agent to negotiate with the team of his choice.

Alworth, in his final year of a three-year contract with an optional year still to go, contends he signed a contract for \$35,000 a year in 1967 for three years with a verbal understanding with Chargers' President Eugene Klein that the club would provide 100 per cent financial support by way of mortgage, financing and capital to build a \$1.5-million apartment project in Arkansas.

The 30-year-old Alworth, who missed most of the preseason because of a contract dispute, followed up his Superior Court action with a federal court suit against the Chargers, the NFL, Commissioner Pete Rozelle and all NFL teams, charging violations of the federal antitrust laws.

The federal suit listed no figures regarding damages, indicating the amount should be determined on the basis of what Alworth might have earned in a free and open market.

Texas Tops, Porkers Drop to Ninth

Top-ranked Texas widened its margin over Ohio State today in the wake of that 42-7 pounding of Arkansas and Louisiana State climbed from eighth to fifth in The Associated Press college football poll by blasting Mississippi 61-17.

The Texas Longhorns received 30 first-place votes and 850 points from a panel of 44 sports writers and broadcasters across the country who participated in the last regular season poll. The final vote will be taken after the bowl games.

Ohio State, which finished earlier with a 9-0 record — Texas is 10-0 — earned 10 first-place votes and 772 points while third-ranked Nebraska, 10-0-1, got two votes for first and 724 points. Arizona State, up from ninth to eighth after edging Arizona 10-6 for a 10-0 record, received the other two first-place votes.

The national championship, which Texas is defending, will be decided in the New Year's Day bowl games. The Longhorns face sixth-ranked Notre Dame in the Cotton Bowl, Ohio State meets Stanford in the Rose Bowl and Nebraska tangles with LSU in the Orange Bowl.

Tennessee, which rose one spot to fourth by beating UCLA 28-17 for a 10-1 mark, plays Air Force in the Sugar Bowl and conceivably could wind up No. 1 if the three leaders all go down to defeat.

Michigan remained seventh, followed by Arizona State, Arkansas — down from fourth to ninth — and Auburn, which also was 10th last week.

The Second Ten consists of Air Force, Stanford, Georgia Tech, Dartmouth, Toledo, Southern California, Houston, Penn State, Texas Tech and Oklahoma. A week ago it was Air Force, Stanford, Georgia Tech, Toledo, Dartmouth, Mississippi, Southern Cal, Penn State, Northwestern and Oklahoma.

LSU's mauling of Mississippi dropped the Rebels from the Top Twenty for the first time all season.

The Top Twenty teams, with first-place votes in parentheses and total points. Points tabulated on basis of 29-18-16-14-12-10-9 etc.

Clay Needs 15 Rounds for Bonavena

By ED SCHUYLER JR.
Associated Press Sports Writer

NEW YORK (AP) — A multimillion-dollar dream fight with heavyweight champion Joe Frazier is next. Muhammad Ali has completed building the foundation.

"All this is a buildup for Frazier," said Ali, who was a dead-tired laborer after laying the cornerstone for the richest fight in history by stopping Oscar Bonavena in the 15th round Monday night in Madison Square Garden.

"It was the toughest fight I've had," said Ali after he turned the boos of a sellout Garden crowd into thunder by dramatically halting the fight with three knockdowns of the broad and bullish Bonavena in the final round.

There are many who think a fight with Frazier could be much tougher for the deposed heavyweight champ.

This question likely is to be answered in February either in the Garden or the Houston Astrodome.

The fight between the two unbeaten is talked of in terms of contrasting styles, contrasting personalities and, in the case of promoters, in figures like \$7 million.

Bonavena supposedly was the last block to the Dream Fight although the U.S. Supreme Court could reject Ali's appeal of his conviction of refusing induction into military service—a conviction that carried with it a five-year prison term and led to the stripping of Ali's title and his banishment from the ring. It is not expected to block a February Ali-Frazier fight.

Ali's second fight in six weeks and his first in New York since he defended his heavyweight title as Cassius Clay, March 22, 1967, drew a crowd of 19,417 which paid a gross of \$615,401.

With all of the receipts, counting closed-circuit television, Ali's 42½ per cent could come to about \$750,000.

But it was not an easy payday for Ali, who had predicted, "He'll be mine in nine."

Afterward Ali, who weighed 212 to 204 for Bonavena said, "He hurt me twice in the ninth round" and added, "It was my toughest fight. I can't compare him with anyone in strength."

But the fight did answer one question left unanswered when he returned from exile six weeks ago by stopping Jerry Quarry after three rounds on a cut eye.

The Bonavena fight showed Ali still can go a distance. There was no doubt he was tired but he still had enough left in the final round to floor the Argentine three times and stop him for the first time in a 54-bout career.

A left hook put Bonavena down for the first time. Left-right combinations brought about the other two knockdowns, the last one automatically ending the fight under the three-knockdown rule.

"There's been a lot of talk about ring rust, and coming back and having trouble in the late rounds," said Ali. "But in the late rounds it was my skill and stamina that pulled me through."

"I ended up with more stamina than Bonavena and did more than Joe Frazier."

Bonavena fought 25 rounds with Frazier, losing a 10-round decision in 1966 and losing a 15-round verdict in 1968. But Bonavena stayed on his feet through both bouts and had Frazier on the floor twice in the first round of the last fight.

Bonavena later joined the interview and said in halting English: "Listen, champ, I strong, but you the champion. Frazier never win you."

"Tell him to put on his dancing shoes," said Frazier, who watched the fight on closed circuit television at Monticello Raceway in Monticello, N.Y.

"That was a good round for Clay," Frazier, who always refers to Ali as Cassius Clay, said of the last round. "But until the 15th I had given Oscar every round. I thought Clay fought dirty, pushing Oscar around and everything like that. I'll be ready for him."

It was Bonavena who was penalized during the fight. Referee Mark Conn took the first round away from him for two low blows.

As for the scoring, going into the dramatic 15th, Conn had it 12 rounds to two in favor of Ali.

Bruins Still Ranked Best Cagewise

By BRUCE LOWITT
Associated Press Sports Writer

No. 1, UCLA.

So what else is new?

"We could very well be better than last year—but that's not saying we will have a better record or achieve as much," Bruins Coach John Wooden said Monday after his Bruins easily captured the top spot in The Associated Press' first major college basketball poll of the 1970-71 season.

Wooden's Westwood Wizards garnered 21 of the 24 first-place votes cast by the national panel of sports writers and sportscasters, winding up with 456 total points, 32 more than runner-up South Carolina.

The Bruins, Gamecocks and No. 15 New Mexico State were the only teams to retain the positions they held in The AP's Twenty preseason poll.

UCLA will have to go far to, as Wooden said, "have a better record or achieve as much" as it did a year ago.

For openers, the Bruins will have to win the national championship—but then they've already won it an unprecedented four straight times.

And they'll have to win at least 29 of their 30 games to improve on the 1969-70 mark of 28-2.

Jacksonville, runner-up to UCLA in last year's national championship, ranked third in Monday's poll with 331 votes, up from No. 4 in the preseason ballot.

Marquette, sixth in the preseason vote, took over as No. 4 while Kentucky, third before the season began, fell to fifth. South Carolina, Marquette and Kentucky were the only other teams receiving first-place votes.

Notre Dame, the only team in the Top Ten with a blemished record, was sixth. The Irish lost 85-82 to South Carolina. The rest of the Top Ten were Drake, Penn, Southern California and Villanova.

Penn. voted No. 11 in the preseason poll, was the only team to crash into the Top Ten while Western Kentucky was the only team to drop out of the club, going from ninth to 13th behind Kansas and Indiana, who tied for No. 11.

Rounding out the Top Twenty were Army, New Mexico State, Utah State, Tennessee, Oregon, St. Bonaventure and Louisville.

The Top Twenty with first place votes and total points on a 20-18-16-14-12-10-9 etc. basis:

1. UCLA (21)	456
2. South Carolina (1)	404
3. Jacksonville	331
4. Marquette (1)	234
5. Kentucky (1)	224
6. Notre Dame	148
7. Drake	123

SWC Cagers Drop Games to Outsiders

By THE ASSOCIATED PRESS
Intersectional teams scored a unanimous decision over the five Southwest Conference basketball teams in action Monday night although three of them managed to go the distance.
Purdue rolled to an easy 90-74 victory over Texas Christian and Oklahoma defeated Texas Tech 80-71 but the other three lost by a total of nine points. Mississippi nipped Texas 88-84, Oklahoma State edged Arkansas 67-65 and University of Texas - Arlington up set Texas A&M 77-75.

Texas Tech, now 2-2, overcame a 25-6 deficit early in the game to take a 51-50 lead with 12:46 left before the Sooners bounced back again.

The Raiders yielded 22 turnovers while getting only 14 from OU. Scott Martin led the Sooners with 19 points and Tech's Gene Knolle was the game's high scorer with 24.
Oklahoma State's Paul Mullen flipped through a free throw with only 14 seconds left in the game to give the Cowboys a narrow victory over Arkansas, trying for its first victory in three starts.

The Hogs pulled from a 59-45 deficit in the waning moments to trail by 66-65 before Mullen's shot. Arkansas got a final shot but missed. Almer Lee paced Arkansas with 25 points.

Ole Miss remained unbeaten in three outings but had to overcome a 48-46 halftime deficit to beat the Longhorns, still searching for a victory after three games. Johnny Neumann and David Rhodes led the Rebs with 21 and 19 points. Billy Black hit 23 to lead the Longhorns.

Texas A&M, rated a prime contender in the SWC chase,

was upset for the second time in three games. The Aggies lost to S. F. Austin in their opener and Willie Spain hit a basket with 2:28 left in the game Monday to seal an Arlington victory.

The lead changed hands 14 times as the Rebels hit a hot 53 per cent from the field to the Aggies' 42. Mark Burden led UTA with 22 points and Bobby Threadgill hit 15 to pace A&M. Purdue nailed a 10-0 lead on TCU in the opening minutes and never looked back, hitting 51 per cent from the field. Eugene Kennedy, a junior college transfer from Fort Worth Christian, led the Frogs with 30 points and 15 rebounds. TCU now is 1-2.

Lamar Tech is at Baylor and Southern Methodist is at Oklahoma City tonight.

Individual Statistics to Hixon

DALLAS, Tex. (AP) — SMU's Gary Hammond and Chuck Hixon won two individual titles each, as all eight Southwest Conference schools shared in the final SWC football statistical titles.

Hammond, operating this year at tailback instead of split end, won the receiving title for the second year with 50 receptions and also took the tandem offense crown (rushing and receiving) with 489 yards receiving and 897 rushing.

Hixon won the passing and total offense crown for the third straight year. The pass-flinging senior completed 56.1 per cent of his passes and rolled up 1,687 yards in total offense.

Texas Tech's Doug McCutchen came on strong in the last half of the season to win the rushing title with 1,088 yards, the only SWC runner to go over 1,000 yards. Texas' Steve Worster was the runnerup and Jim Bertelsen, also of Texas, was third and Hammond was fourth. Baylor's Ed Marsh repeated

Browns Get By Oilers, Stay Alive

HOUSTON (AP)—Coach Blanton Collier says his Cleveland Browns have been lacking a little something "up to now."

He referred to their 21-10 victory over the Houston Oilers Monday night which boosted the Browns back into a tie for the lead in the American Football Conference's Central Division.

A standing room only Astro-dome crowd of 50,582 at the nationally televised game saw the Oilers mathematically eliminated from the Central Division title chase. The Oilers now are 3-8-1 for the year and 2 1/2 games behind Cleveland and Cincinnati, who are tied for the top at 6-6. Each club has two games remaining.

The Browns spotted the Oilers a 3-0 first quarter lead and then came back to take a 21-3 lead before Houston managed to score its only touchdown with less than two minutes remaining.

Cleveland used the timely passing of Bill Nelsen and the slashing runs of Leroy Kelly to wear down the Oilers. The Browns also employed a stubborn defense when they needed it.

"We needed this one very badly," said Collier, who has announced he is retiring at the end of the season.

Nelsen completed 15 of 27 passes for 161 yards and one touchdown. His touchdown was a one-yarder to Gary Collins.

Kelly, one of the National Football League's all-time rushing greats, carried 20 times for

as the punting champion with a 40.4 average for 88 kicks.

Champion Texas and runner-up Arkansas led in all team categories except pass defense, which Rice held with a 108.7 per game average. Texas' statistical titles included total offense, 468.1 yards per game average; rushing offense, 374.5; and rushing defense, 117.5. Arkansas led in total defense, 287.1 and passing offense 222.5.

108 yards and scored on a one-yard sweep around right end. Bo Scott added the other Cleveland touchdown on a two-yard run.

Houston's points came on a 43-yard field goal by Roy Gerela and a nine yard pass from substitute quarterback Jerry Rhome to Jim Beirne.

Quarterback Charley Johnson, with his broken left collarbone held together by steel screws, started for Houston and had a poor night, completing only five of 18 passes for 49 yards. Rhome, who entered the game in the fourth quarter, completed six of 10 for 73 yards and one touchdown.

"I kept thinking that Charley (Johnson) would come out of it," Houston coach Wally Lemm said, "but he never did. When you know that a guy can do and has done, you tend to stay with him a little longer."

Lemm also has announced his retirement at the end of the season.

The Browns put up a brilliant goal-line defense in the second quarter, stopping the Oilers' Joe Dawkins twice for no gain at the Cleveland one-foot line.

Says Syracuse Action Is Condemned

SYRACUSE, N.Y. (AP) — A student-owned newspaper says the special committee appointed to investigate charges of racism in the Syracuse University football program has condemned the suspension of black athletes who boycotted practice last spring.

The committee report, according to the paper, says the suspensions were "an act of institutional racism unworthy of a great university" and recommends that "great effort should be exerted to minimize further suffering and hardship on the part of these players."

The committee has not made its findings public, but the editor and publisher of Dialog, Allan Stamm, one of 12 members of the committee, said the text published in his journal was reviewed and edited by the whole committee last week.

Alcindor Is Doing Most With Least

NEW YORK (AP) — Lew Alcindor is doing the most with the least.

The sophomore center for Milwaukee has played every Bucks game this National Basketball Association season—but that totals only 23, as much as eight fewer than some other teams.

But Alcindor has put the time to good use and leads the NBA in scoring with a 32.2 points-per-game average, according to

figures released today by the league.

He's also the runner-up in field goal shooting with a .579 percentage. Johnny Green of Cincinnati leads with .590.

Tied for second in the scoring race are Elvin Hayes of San Diego and John Havlicek of Boston, each with a 29.4 average. Lou Hudson of Atlanta is fourth at 28.4 while Jerry West, last season's scoring leader, is fifth at 27.4.

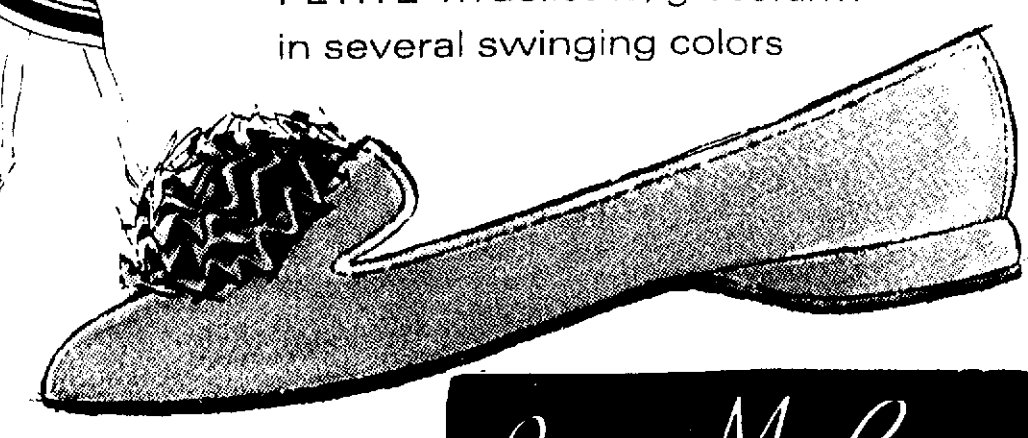

West is also averaging 10.2 assists per game to lead that department while rebounding honors go to Wilt Chamberlain of Los Angeles with a 19.5 average.

Oriole Hurlers Take Most of Honors

By LARRY ELDRIDGE
Associated Press Sports Writer
BOSTON (AP) — Baltimore's world champion Orioles gained most of the American League's 1970 pitching honors, according to the official records released by the league office today.

The Baltimore staff led the league in earned run average for the second straight year although its 3.15 mark was not as effective as the 1969 figure of 2.83.

Individually, the Orioles' big three of Mike Cuellar (24-8), Dave McNally (24-9) and Jim Palmer (20-10) became the first trio of 20-game winners on one club since 1956 and also led in various other departments.

Cuellar led in complete games with 21 and winning percentage at .750. Palmer pitched five shutouts to share top honors with Chuck Dobson of Oakland and tied with Cleveland's Sam McDowell for most innings pitched at 305.

Cuellar, McNally and Minnesola's Jim Perry (24-12) shared the lead in games won. Joining them and Palmer in the 20-victory club were California's Clyde Wright (22-12), New York's Fritz Peterson (20-11) and McDowell (20-12), giving the league seven 20-game winners for its highest total since 1920, when there were 10.

McDowell led the league in strikeouts for the third consecutive season and the fifth time in the last six years. The fireballing left-hander fanned 304 batters, lifting his career total to 1,967.

Individual earned run average honors among pitchers who hurled 162 or more innings went to Oakland's Diego Segui. The veteran right-hander started 19 games and relieved on 28 occasions, just making the required 162 innings and posting a 2.56 ERA. Palmer was next at 2.71.

Chicago relief specialist, Wilbur Wood appeared in the most games (77) to lead in that category for the third straight season, while Minnesota bullpen ace Ron Perranoski broke his own record for saves with 34.

Rickey Has Withdrawn From Meet

TOKYO (AP) — Cliff Rickey of San Angelo, Tex., said today he has withdrawn from a \$50,000 tennis tournament in Japan because of suspected hepatitis.

Rickey, winner of the 1970 Grand Prix tennis series, planned to return to the United States later today.

Rickey was one of six international tennis stars entered in the Tokyo tournament, cosponsored by the International Lawn Tennis Federation. The six-day championship began Monday.

It was erroneously reported Monday that Rickey was defeated in an opening-day match by Ken Rosewall of Australia. Jan Kodes of Czechoslovakia substituted for Rickey at the last minute and lost to the Australian ace 5-6, 4-6.

In the second day matches of the championship today, two singles and one doubles will be played.

In the singles, Rosewall will meet Zeljko Franulovic, Yugoslavia, and Rod Laver, Australia, will tangle with Kodes.

Stan Smith and Arthur Ashe, both of the United States, will meet Rosewall and Franulovic in the doubles match.

Compulsory Wage-Price Talks Likely

By BILL NEIKIRK
Associated Press Writer
WASHINGTON (AP) — Picking up where President Nixon left off, Federal Reserve Board Chairman Arthur F. Burns says the government might have to use compulsory arbitration and a wage-price review board to battle inflation.

In the most far-reaching list of anti-inflation proposals by a government official in the Nixon administration, Burns suggested Monday night changes in minimum wage laws for teenagers and more liberal oil import quotas.

Organized labor immediately attacked his suggestions.

AFL-CIO President George Meany said Burns "wants to roll America back to the 19th Century and its economic 'trickle down' theory."

"Dr. Burns' prescription is the wrong medicine for the wrong patient at the wrong time," Meany said. "His last game plan for the administration put America into the current recession. His new game plan would worsen it."

Although the Fed is an independent agency, Burns and Nixon frequently confer on economic strategy. But there was no indication the White House had seen Burns' speech, made in Los Angeles.

Last Friday, Nixon announced plans to increase oil production to try to roll back a 25-cent per barrel increase in crude oil prices, warned business and labor not to bet on future inflation, and called for reform of labor's bargaining in the construction industry.

Burns endorsed Nixon's move as "constructive," but said if inflation continues "numerous other measures might be taken to improve the functioning of our markets."

Rubella Shots to Be Given in Schools

Rubella vaccine is brand new. It has never been given in the schools or by the Health Department before.

Doctors agree that we may have another Rubella Epidemic in 1970 or 1971.

Rubella has caused thousands of mothers to have babies that were born Dead, Deaf, Blind, Retarded or with Heart Trouble.

The vaccine will be given without charge to all children one year of age up to the 11th birthday at the times and places listed below:

Vietnamese Riot Against Americans

QUI NHON, Vietnam (AP) — Anti-American rioting raged Monday and today in this central coastal city following the fatal shooting of a Vietnamese high school student by an American soldier.

A 24-hour curfew was ordered but demonstrations, window-smashing and the burning of U.S. military vehicles continued. Some American troops have been injured by flying rocks, informants said.

Qui Nhon was placed off limits to all Americans stationed outside the city, and those in the city were ordered to stay in their quarters. As the disturbances continued into the night, American authorities ordered all Vietnamese employees at U.S. installations to leave them.

Informed U.S. sources said the demonstrators, estimated at between 2,500 and 4,000 today, were demanding that the American soldier who killed the youth be turned over to South Vietnamese authorities for immediate trial.

The soldier was not identified. He was in custody, and military officials were investigating the shooting.

"We're not about to turn him over" to the South Vietnamese, said one U.S. official. The United States has no status of forces agreement with the Vietnamese giving them jurisdiction over American military personnel.

Medal Holder Recalls Most Memorable Day of Life—Pearl Harbor

By HAL BOYLE
NEW YORK (AP) — "We are all the good Lord's property," said Joe Hydrusko, 51, who won a Navy Cross for heroism at Pearl Harbor. "He can help us, hurt us, or take us at His own will."

The most memorable hours of his life began for Hydrusko when the Japanese attacked American military bases at Honolulu 29 years ago Monday morning.

Joe, then the Navy's light heavyweight boxing champion in the Southwest Pacific, was painting a gig on a hospital ship, the Solace, when the enemy struck. He immediately asked and received permission to take a motor launch and pick up casualties.

"It was a nightmare then—it's more like a fading dream now," he said.

"We first picked up one boatload from the battleship Nevada and two boatloads from the battleship West Virginia and brought them to the hospital ship."

"Most of them were burned from the waist up and some had bubbles dripping from their noses from lung burns. I went at top speed, and some of the men cursed me because the wind made their raw skin hurt almost unbearably."

WASHINGTON (AP) — Administration forces in Congress have killed another major consumer bill, tossing it onto a scrap heap that contains most of what President Nixon proposed in a highly touted message a year ago.

Latest victim: the consumer class-action bill. One of the farthest reaching pieces of consumer legislation ever to come before Congress, it would have broadened powers of the Federal Trade Commission and permitted defrauded consumers to band together to sue for damages.

Senate Republicans twice blocked consideration of the measure in recent weeks, insisting they needed "adequate no-

20,000 Hunt for Kidnaped Diplomat

By FRANCISCO SILVA
Associated Press Writer
RIO DE JANEIRO (AP) — As 20,000 troops and police searched today for the kidnaped Swiss ambassador to Brazil, an unconfirmed report circulated that his captors were demanding the release of 68 to 70 political prisoners.

The report came from a source who said the demand was made in one of two documents purporting to come from the kidnapers. The documents were in the hands of the police, and they refused to make public what they said.

Ambassador Giovanni Enrico Bucher, 57, whose wealthy family owns a chain of resorts in Switzerland and Italy, was seized Monday in the Rio suburb of Laranjeiras. His police bodyguard was shot three times; one bullet hit his spine and paralyzed his arms and legs.

A terrorist group called the

Agreement by Ford and Union

DETROIT (AP) — Bargainers for the United Auto Workers have recommended to the union's Ford Council a tentative contract agreement with the Ford Motor Co.

The 200-member council was called to a session today to decide whether the pact should be submitted to the No. 2 automaker's 166,000 UAW members for a ratification vote.

The agreement was reached Monday afternoon following a 28-hour bargaining session.

The council was expected to endorse the proposed contract, which then must be approved by majorities of skilled and unskilled workers voting separately in 99 Ford-UAW bargaining units.

Details of the agreement were withheld pending the council meeting but it was understood that it followed closely the pact reached last month by the UAW and General Motors Corp. after a 67-day strike.

The new GM contract immediately raised average hourly wages from \$4.02 to \$4.53 and by its third year is expected to raise wages to over \$5.

The GM pact also provides for unlimited cost-of-living wage increases, retirement after 30 years service with a \$500 monthly pension at age 58 and other improved benefits.

A major issue stalling Ford negotiations in their later hours sources said, was the retroactivity of wage increases.

The old contract expired Sept. 14. It was reported that Ford had agreed to make 26 cents of the average first-year wage increase under the new retroactive to Sept. 15 and the other 25 cents retroactive to Nov. 1.

Howard Hughes Dispels Kidnap Speculation, Power Fight Rages

By TERRY RYAN
Associated Press Writer
LAS VEGAS, Nev. (AP) — Howard Hughes' telephone call to the governor of Nevada from the Bahamas to dispel speculation he had been kidnaped in a struggle for his empire was a rare public announcement of a conversation with Hughes.

The battle over who is running the \$300 million Hughes gambling and property interests in Nevada continued in the courts.

Hughes himself is vacationing on Paradise Island, and wants some changes made in the top echelon of his Nevada operation here, Gov. Paul Laxalt quoted him as saying during a 45-minute call Monday.

"He said he felt fine and had just gone there for a vacation he planned a year ago," said Laxalt. "He was very concerned about speculation he had been kidnaped and was not going to return here."

Laxalt and Dist. Atty. George Franklin were summoned in the middle of the night to Hughes' offices on the top floor of the Sands hotel on the Las Vegas Strip to take the call.

There was no question in his mind that he was speaking to Hughes, Laxalt said. He said he recognized Hughes' voice from past conversations.

Hughes, who will be 65 Christmas Eve, had lived in a secrecy-shrouded penthouse on the ninth floor of the Desert Inn since settling in Nevada four years ago. He left secretly for the Bahamas island the night of Nov. 25.

Hearing reports that an ailing Hughes had been spirited away by one faction in the power struggle, sheriff's deputies had staged a search of the penthouse early Sunday.

Executives of Hughes Tool Co. flew in from Texas last Friday and fired the two men at the head of Hughes' Nevada enterprises, chief executive Robert Maheu and security director Robert Hooper.

The tool company officials said they had a document signed by Hughes giving them power of attorney to act for Hughes and fire Maheu and Hooper. Maheu has challenged this in court.

Man Killed in Accident

JASPER, Ark. (AP) — Charlotte Hawkey, 72, of Jasper was killed Monday night in a car-truck crash on Arkansas 74 about four miles west of here. State Police said the victim was a passenger in a car that went out of control and collided with a state Highway Department dump truck.

U.S. Suffers Casualties in Attacks

SAIGON (AP) — The U.S. Americal division suffered more than a score of casualties in two guerrilla attacks south of Da Nang, military spokesmen reported today.

The U.S. Command said two infantrymen from the division's 11th Brigade were killed and 22 wounded Monday afternoon when an armored personnel carrier triggered a mine on a dirt road 36 miles southeast of Da Nang.

Although the vehicle was not heavily damaged, the mine ripped into infantrymen walking alongside.

About nine hours later, after darkness had fallen, guerrillas fired 10 mortar shells into the night bivouac of troops of the division's 196th Brigade, six miles southwest of the mining. Field reports said some Americans were killed and wounded, but the U.S. Command at times prohibits disclosure of specific casualties in such shelling attacks.

South Vietnamese headquarters reported 40 enemy killed in three fights in the Mekong Delta, including 12 in the continuing sweep into the U Minh forest. South Vietnamese casualties were reported as light.

Truckers in Tentative Agreement

CHICAGO (AP) — Negotiators reported reaching tentative agreement early today on a new contract for 3,000 striking Midwestern fuel-oil truck drivers, whose walkout had posed the threat of a fuel shortage over a wide area.

Details of the agreement were not disclosed, pending ratification by Teamsters Union locals. Steve Shultz, chairman of the Central Conference of the Teamsters Automotive and Petroleum Division and head of the union bargaining team, hailed the agreement as satisfactory to both sides.

He had said late Monday night that the companies' latest offer of a 55-cent-an-hour pay hike each year of a three-year contract "not too far from what we're asking."

The drivers, who now earn an average of \$4.07 an hour, had been seeking increases of 65, 60 and 50 cents.

About 1,300 drivers in Michigan and the Cleveland, Ohio, area walked out their jobs Sunday. Drivers in Indiana, Iowa and Illinois walked out Monday, bringing the total of striking drivers to 3,000, according to Teamsters officials.

Shultz said drivers in North Dakota, South Dakota, Wisconsin and Minnesota indicated they would walk off their jobs today if no settlement is reached in the Chicago talks.

The drivers have been working without a contract since the previous agreement expired Nov. 15.

The Standard Oil Co. of Ohio was making arrangements for other means of transporting oil usually carried by the 700 truckers who walked out in Cleveland, Toledo, Lima, Akron and Youngstown. A Standard spokesman said the firm expects no fuel shortage.

Fuel suppliers in the Columbus, Ohio, area said current supplies of fuel would be sufficient for "a few weeks maybe."

A spokesman for the Wisconsin Petroleum Association said he sees no "immediate impact" on home fuel deliveries but said small, rural communities would be the first to feel the effects of the strike.

\$2.6 Million State Contract

WASHINGTON (AP) — Sen. John L. McClellan, D-Ark., and Rep. David Pryor, D-Ark., said Monday the Pace Co. in East Camden will participate in a \$2.6 million Army contract to manufacture 470,000 signal flares.

Forty per cent of the contract will be performed at the East Camden plant and the remainder at the Pace division in Memphis.

Nationwide Rail Strike Appears to Be Inevitable

AP News Digest

By THE ASSOCIATED PRESS

WASHINGTON (AP) — A nationwide railroad strike Thursday appeared inevitable after negotiations collapsed early today. A union leader said the walkout will be called even if Congress grants President Nixon's request for a 45-day delay. "We must strike," said President C.L. Dennis of the Brotherhood of Railway Clerks, largest of four AFL-CIO unions representing nearly 500,000 workers in the wage dispute.

Dennis said his union is ready to risk jail terms, fines and public pressure to win its demands. Dennis spoke after a late-night bargaining session called by the Labor Department failed to produce an agreement or a voluntary postponement.

Nixon, in asking Congress to require a postponement, said a strike would impose a hardship on the American people. "I urge that Congress act quickly on my proposal," Nixon said, "so that a crippling stoppage can be averted, and so that the nation's travelers and shippers can depend on uninterrupted service."

He said if Congress orders an extension of bargaining time and no settlement is reached by Jan. 23, he will make new recommendations to the lawmakers.

Dennis said the union members had waited more than a year since their last pay raise and had no patience for further delay. The dispute has dragged out nearly a year under delaying provisions of the law and Dennis said "any further federal intervention would be like changing the rules of a football game when one side is close to the goal."

Dennis said he sees no possibility of averting a strike. Assistant Secretary of Labor W.J. Usery said no further talks have been scheduled and the next move is up to Congress.

Deadlocked Jury in Nashville Case

NASHVILLE, Ark. (AP) — The Circuit Court jury in the first-degree murder trial of Carl W. Dillahunty, 20, of De Queen was dismissed late Monday night after it was reported "hopelessly deadlocked."

Dillahunty was charged with the shooting of Jefferson Hillary Hames, 19, of Horatio during a fight Nov. 4, 1969, at De Queen.

A new trial for Dillahunty was set for Feb. 23, 1971.

The case went to the jury Friday and the jury deliberated until 11 p.m. Friday before recessing until 9 a.m. Saturday. The jury then deliberated until noon Saturday before recessing again and reporting back Monday morning.

The four unions rejected the biggest wage offer in rail history, some 37 per cent, or \$1.37 per hour over three years for workers now averaging from \$3.45 to \$3.60. They said work-rule changes demanded by the railroads in exchange for the wage offer would eliminate thousands of jobs and sharply increase the workload of remaining employees.

One of Six in Rape Case Is on Trial

LITTLE ROCK (AP) — Clarence Lee Bruce, 18, of Little Rock, one of six Negroes charged with raping two white women on an Arkansas River sand bar the night of May 29, went on trial in circuit court here Monday.

Defense lawyers spent most of the day questioning 45 jurors to support a motion to quash the jury panel on the ground that it does not represent a cross section of county residents. Judge Steele Hays denied the motion.

Only three jurors were seated Monday and jury selection was to continue today. The state is asking for the death penalty.
